

Krishna Simkhada

Diploma Survey Engineer

Kathmandu , Nepal • 9851020186 • kiss72na@gmail.com

A dedicated and highly experienced Diploma Survey Engineer with over 15 years of proven expertise in geomatics, civil infrastructure, and municipal planning across Nepal. Specializes in executing high-precision cadastral, topographic, and engineering surveys utilizing advanced GNSS/DGPS systems and Total Station technologies. Adept at managing large-scale public data collection, coordinating field teams, and performing complex spatial analysis using ArcGIS and QGIS. Seeking to leverage this extensive technical and leadership background as a Survey Supervisor at the Department of Survey, Government of Nepal, to contribute to accurate national mapping and land administration.

EXPERIENCE

Field Coordinator & GIS Operator

Mangal Engineering Consultancy | 2022 - 2026

- Coordinated multi-disciplinary field survey teams, scheduling daily deployments and ensuring strict adherence to project timelines.
- Executed detailed GIS data processing, spatial analysis, and thematic map production for various infrastructure projects.
- Instituted quality control measures over raw field data extraction, eliminating collection discrepancies by 95%.
- Drafted authoritative project status, technical engineering, and completion reports for stakeholders.

Survey Engineer / GIS Operator

Aryan Engineering Consultancy | 2018 - 2020

- Project: Road Survey & GPS Mapping of Barahathawa Municipality, Sarlahi District.
- Executed extensive high-precision road alignment surveys and established primary GPS control networks across the municipality.
- Processed field vectors to develop clean GIS spatial databases and cartographic outputs for municipal zoning.
- Validated engineering measurements against design criteria and archived standard land registry records.

Site Supervisor

PIDA Construction Pvt. Ltd. | 2016 - 2018

- Supervised structural engineering interventions including retrofitting and concrete jacketing on compromised structures.
- Bridged communication gaps between consulting structural engineers and building contractors to interpret blueprints accurately.
- Enforced rigorous compliance with technical specifications, workplace safety codes, and quality benchmarks.

Field Enumerator & Urban Planning Assistant

Urban Planning Project | 2015 - 2016

•

Project Areas: Palpa, Dhankuta, and Mechinagar Municipalities.

- Conducted extensive household interviews, demographic tracking, and field enumeration matrices.
- Aggregated crucial socio-economic datasets and real-world land-use boundaries to inform municipal structural plans.
- Compiled field logs and organized public documentation for urban development panels.

Surveyor / GIS Assistant

Everest Consultancy Pvt. Ltd. | 2012 - 2014

- Conducted field surveys required to draft regional District Master Plans across multiple districts in Nepal.
- Participated in high-priority national Fast Track Survey projects under tight deadlines.
- Maintained, verified, and organized large spatial databases, ensuring geometric accuracy for future infrastructure mapping.

GIS & Survey Assistant

Genesis Consultancy Pvt. Ltd. | 2009 - 2011

- Performed engineering route surveys, profile levelling, and cross-section mapping for major road alignments.

- Deployed Differential GPS (DGPS) units to establish accurate geodetic base controls.
- Assisted senior planners in regional road network layouts, utilities routing, and basic cartographic digitization.

EDUCATION

Diploma in Survey Engineering

Council for Technical Education and Vocational Training(CTEVT)

Jan, 2005 - Aug, 2009

First Division

School Leaving Certificate (SLC)

Miniland English High School

Nov, 2003 - Nov, 2004

65.5%
